COURSE AGENDA: CLR12E
*Prerequisite: None

This is a half-day program designed for drivers who require training to verify that dangerous goods are being offered for transport properly. It is the driver’s responsibility to ensure the goods are compliant before placing them on the vehicle for transport. This course is not designed for shippers.

Day 1
- Overview of the national (TDG) regulations and application of the regulations
- 7 Steps to Compliance
- Identification of dangerous goods according to TDG
- UN numbers and proper shipping names
- Using the dangerous goods list and ICC The Compliance Center’s driver handbook
- Brief overview of UN specification packaging marks
- Marking and labeling
- Shipping documents
- Placarding
- Loading
- Accidental release reports
- Special cases
- Other regulations
- Emergency response guidebook
- Quiz

Exercises are used to reinforce knowledge.
